RECOVERY PIT-STOP

A person is shown from the back, sitting in a meditative lotus position on a glowing, futuristic chair. The chair has a circular base with intricate patterns and emits a warm, golden light. The person is wearing a dark, pleated, long-sleeved top and matching wide-leg trousers. Their hands are in a mudra (meditative gesture). The background is dark and minimalist.

IN RESONANCE

PERFORMANCE RECOVERY EXPERIENCES

Curated Environments combining Biomaterial Design,
Sound Nutrition, and Nervous System Regulation.

IN RESONANCE SPACE

A purpose-built recovery pit-stop supporting nervous system regulation, tension release, and mental reset.

BENEFITS:

- Provides a structured recovery environment
- Improves focus before performance
- Burnout prevention
- Reduces tension and optimises breathing

COMPONENTS:

Sonic recovery station for nervous system regulation

HEMPLA 3D printed wood/hemp & sugar posture seating supporting optimal alignment and breathing mechanics

IN RESONANCE DESIGN

HEMPLA:

A unique meditation furniture set that grounds the body and nervous system through posture, form and organic materials. The balanced design of the 3D printed hemp and sugar seat and hand woven hemp and wool rug create a calming presence that eases the mind and supports emotional wellbeing. The ergonomic shape naturally straightens the spine, while opening the hip flexor to facilitate meditation positions.

HEMPLAWAVE:

Adds a layer of restorative sound and vibration transforming stillness into a sensory experience that calms the nervous system. Designed based on the organic materials and geometry of HEMPLA, including binaural beats and the Schuman resonance to facilitate flow state and concentration. urpose-built recovery pit-stop supporting nervous system regulation, tension release, and mental reset.

SOFIA HAGEN

Sofia Hagen leads an award-winning creative practice working at the intersection of art, technology and material research to explore wellbeing by design. She focuses on creating interactive installations and ergonomic designs that support physical, mental, and sensory wellbeing while maintaining a sustainable afterlife. Combining high-end design with advanced biomaterial research and emerging technologies, Sofia's practice develops environments that bridge creativity, circular thinking, and health.

Sofia has completed projects in London, Los Angeles, San Francisco, New York City, Milan, Dubai, Mexico, China, and across Austria, and is frequently invited to deliver keynotes on design, tech, and wellness. Trained as an architect under Zaha Hadid at the University of Applied Arts Vienna, she worked with studios such as Odile Decq, Zaha Hadid Architects, Heatherwick Studios, Design Haus Liberty, Make, David Collins Studio and Bompas and Parr.

CHRISTIN RAUTER

Christin Rauter is the co-founder of The Sound Nutritionist™, a vibrational therapist, sound designer, and coach who works with sound not as background, but as nutrition for the nervous system. The Sound Nutritionist was developed together with co-founder Leon Jean-Marie, who blends his passion for quantum physics, neuroscience, and music through his work as a composer, producer, and remixer. Through carefully curated sonic environments, she integrates sound into treatments and performance settings to support regulation, recovery, and clear presence, helping the body restore balance and resilience.

Originally trained as a concert pianist, Christin combines her background in music, psychology, sound design, and her deep connection to wellbeing to create transformative sonic experiences. With degrees in Music and Psychology, her work bridges neuroscience and ancient wisdom, using sound to unlock human potential and support emotional and physical wellbeing.
